

New Cedefop database on financing apprenticeships in the EU

A [Cedefop online database](#) provides information on how apprenticeships are financed in the EU Member States.

It presents financing arrangements for apprenticeships at system level, including the main sources of funding and financial flows, the characteristics and the level of some apprenticeship costs (such as apprentices wages/allowances, social insurance costs) and the volumes of funding involved.

The [new tool](#) also offers detailed descriptions of the main financing instruments implemented to incentivise employers to provide apprenticeship places and encourage individuals to take on apprenticeship training. These include training funds based on levies, tax incentives for companies and grants for companies and individuals...
