

## Lavoro e Non-Lavoro, Oggi

Dal 26 al 28 novembre si è svolta a Bergamo la XV edizione della ADAPT International Conference, intitolata Lavoro e Non-Lavoro, Oggi. Ripensare il concetto attraverso una prospettiva interdisciplinare, organizzata da ADAPT in partnership con il network CIELO Laboral.

L'evento ha riunito oltre 400 partecipanti da più di 30 Paesi, tra docenti, ricercatori, professionisti, istituzioni e parti sociali, attorno all'interrogativo "Cosa è lavoro, Cosa non lo è?". Con più di 231 relatori, 3 sessioni plenarie e 23 workshop paralleli, la conferenza ha approfondito temi quali lavoro su piattaforma, diritti digitali, lavoro di cura e domestico, attivazione dei non occupati, transizione verde e digitale, disuguaglianze e nuove forme di regolazione del lavoro.

«Arrivata alla sua XV edizione nel 25esimo anniversario di Adapt, la conferenza si conferma un appuntamento unico nel panorama europeo e non solo, grazie a un network internazionale che permette un confronto aperto, interdisciplinare e gratuito, accessibile in particolare ai giovani ricercatori – sottolinea Margherita Roiatti, Direttrice della Fondazione ADAPT.

Le sessioni plenarie della XV ADAPT International Conference hanno offerto una panoramica ampia e interdisciplinare sulle trasformazioni del lavoro e del non-lavoro. La prima plenaria ha riunito istituzioni internazionali, studiosi e stakeholder per discutere il riconoscimento del lavoro di cura, le politiche di attivazione dei non occupati, le disuguaglianze nel mercato del lavoro e le transizioni richieste dalla digitalizzazione e dalla sostenibilità. La seconda ha affrontato il ruolo del diritto del lavoro nell'interpretare le nuove forme di prestazione, dalle piattaforme digitali al lavoro di cura e alle implicazioni dei meccanismi di condizionalità nell'accesso al lavoro significativo. La terza ha esplorato il futuro delle relazioni industriali, analizzando fenomeni come la fissurazione dei luoghi di lavoro, l'informalità e le pressioni che stanno spingendo a ripensare equilibri e attori del sistema europeo. Insieme, le plenarie hanno tracciato una visione articolata delle sfide presenti e future, collocandole dentro una più ampia riflessione sulla ridefinizione dei confini del lavoro nel mondo contemporaneo.

La conferenza ha avuto l'obiettivo di alimentare e orientare il dibattito pubblico su temi che riguardano la vita quotidiana di milioni di persone, favorendo un dialogo strutturato tra parti sociali, comunità accademica, imprese e istituzioni, per contribuire a costruire insieme il futuro del lavoro.

## Welcome

Your personal data will be processed and information from your device (cookies, unique identifiers, and other device data) may be stored by, accessed by and shared with 141 TCF vendor(s) and 69 ad partner(s) , or used specifically by this site.

Some vendors may process your personal data on the basis of legitimate interest, which you can object to by managing your options below. Look for a link at the bottom of this page or in the site menu to manage or withdraw consent in privacy and cookie settings.

## Consent

### Manage options

### Data preferences

You can choose how your personal data is used. Vendors want your permission to do the following:

### TCF vendors

Cookies, device or similar online identifiers (e.g. login-based identifiers, randomly assigned identifiers, network based identifiers) together with other information (e.g. browser type and information, language, screen size, supported technologies etc.) can be stored or read on your device to recognise it each time it connects to an app or to a website, for one or several of the purposes presented here.

Advertising presented to you on this service can be based on limited data, such as the website or app you are using, your non-precise location, your device type or which content you are (or have been) interacting with (for example, to limit the number of times an ad is presented to you).

Information about your activity on this service (such as forms you submit, content you look at) can be stored and combined with other information about you (for example, information from your previous activity on this service and other websites or apps) or similar users. This is then used to build or improve a profile about you (that might include possible interests and personal aspects). Your profile can be used (also later) to present advertising that appears more relevant based on your possible interests by this and other entities.

Advertising presented to you on this service can be based on your advertising profiles, which can reflect your activity on this service or other websites or apps (like the forms you submit, content you look at), possible interests and personal aspects.

Information about your activity on this service (for instance, forms you submit, non-advertising content you look at) can be stored and combined with other information about you (such as your previous activity on this service or other websites or apps) or similar users. This is then used to build or improve a profile about you (which might for example include possible interests and personal aspects). Your profile can be used (also later) to present content that appears more relevant based on your possible interests, such as by adapting the order in which content is shown to you, so that it is even easier for you to find content that matches your interests.

Content presented to you on this service can be based on your content personalisation profiles, which can reflect your activity on this or other services (for instance, the forms you submit, content you look at), possible interests and personal aspects. This can for example be used to adapt the order in which content is shown to you, so that it is even easier for you to find (non-advertising) content that matches your interests.

Information regarding which advertising is presented to you and how you interact with it can be used to determine how well an advert has worked for you or other users and whether the goals of the advertising were reached. For instance, whether you saw an ad, whether you clicked on it, whether it led you to buy a product or visit a website, etc. This is very helpful to understand the relevance of advertising campaigns.

Information regarding which content is presented to you and how you interact with it can be used to determine whether the (non-advertising) content e.g. reached its intended audience and matched your interests. For instance, whether you read an article, watch a video, listen to a podcast or look at a product description, how long you spent on this service and the web pages you visit etc. This is very helpful to understand the relevance of (non-advertising) content that is shown to you.

Reports can be generated based on the combination of data sets (like user profiles, statistics, market research, analytics data) regarding your interactions and those of other users with advertising or (non-advertising) content to identify common characteristics (for instance, to determine which target audiences are more receptive to an ad campaign or to certain contents).

Information about your activity on this service, such as your interaction with ads or content, can be very helpful to improve products and services and to build new products and services based on user interactions, the type of audience, etc. This specific purpose does not include the development or improvement of user profiles and identifiers.

Content presented to you on this service can be based on limited data, such as the website or app you are using, your non-precise location, your device type, or which content you are (or have been) interacting with (for example, to limit the number of times a video or an article is presented to you).

Your data can be used to monitor for and prevent unusual and possibly fraudulent activity (for example, regarding advertising, ad clicks by bots), and ensure systems and processes work properly and securely. It can also be used to correct any problems you, the publisher or the advertiser may encounter in the delivery of content and ads and in your interaction with them.

Certain information (like an IP address or device capabilities) is used to ensure the technical compatibility of the content or advertising, and to facilitate the transmission of the content or ad to your device.

The choices you make regarding the purposes and entities listed in this notice are saved and made available to those entities in the form of digital signals (such as a string of characters). This is necessary in order to enable both this service and those entities to respect such choices.

Information about your activity on this service may be matched and combined with other information relating to you and originating from various sources (for instance your activity on a separate online

service, your use of a loyalty card in-store, or your answers to a survey), in support of the purposes explained in this notice.

In support of the purposes explained in this notice, your device might be considered as likely linked to other devices that belong to you or your household (for instance because you are logged in to the same service on both your phone and your computer, or because you may use the same Internet connection on both devices).

Your device might be distinguished from other devices based on information it automatically sends when accessing the Internet (for instance, the IP address of your Internet connection or the type of browser you are using) in support of the purposes exposed in this notice.

With your acceptance, your precise location (within a radius of less than 500 metres) may be used in support of the purposes explained in this notice.

Cookie duration: 180 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Probabilistic identifiers, Authentication-derived identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Precise location data, Users' profiles, Privacy choices

Cookie duration resets each session.

Cookie duration: 365 (days).

Data collected and processed: IP addresses, Device characteristics

Cookie duration resets each session.

Doesn't use cookies.

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Non-precise location data, Precise location data, Privacy choices

Uses other forms of storage.

Doesn't use cookies.

Data collected and processed: IP addresses, Non-precise location data, Privacy choices

Cookie duration: 365 (days).

Data collected and processed: IP addresses, Device characteristics, Browsing and interaction data, Non-precise location data, Precise location data, Users' profiles, Privacy choices

Cookie duration resets each session.

Cookie duration: 730 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Probabilistic identifiers, Browsing and interaction data, User-provided data, Users' profiles, Privacy choices

Cookie duration: 365 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Precise location data, Users' profiles, Privacy choices

Cookie duration resets each session. Uses other forms of storage.

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Probabilistic identifiers, Authentication-derived identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Users' profiles, Privacy choices

Uses other forms of storage.

Cookie duration: 365 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Probabilistic identifiers, Browsing and interaction data, Non-precise location data, Precise location data, Privacy choices

Cookie duration resets each session. Uses other forms of storage.

Cookie duration: 3000 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Probabilistic identifiers, Authentication-derived identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Users' profiles, Privacy choices

Cookie duration resets each session. Uses other forms of storage.

Cookie duration: 3650 (days).

Data collected and processed: IP addresses, Device characteristics, Probabilistic identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Privacy choices

Cookie duration resets each session.

Cookie duration: 365 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Authentication-derived identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Precise location data, Users' profiles, Privacy choices

Cookie duration resets each session. Uses other forms of storage.

Cookie duration: 731 (days).

Data collected and processed: IP addresses, Probabilistic identifiers, Browsing and interaction data, Non-precise location data, Users' profiles

Uses other forms of storage.

Cookie duration: 396 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Authentication-derived identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Users' profiles, Privacy choices

Uses other forms of storage.

Cookie duration: 730 (days).

Data collected and processed: IP addresses, Device characteristics, Device identifiers, Authentication-derived identifiers, Browsing and interaction data, User-provided data, Non-precise location data, Users' profiles, Privacy choices

Uses other forms of storage.
